 - Able to solve problems in a fast-paced setting
 - Able to provide courteous advice and service to volunteers and site staff
 - Knowledge of and proficiency in social media sites and apps
-

Responsibilities:

- Maintain a regular schedule for posting on social media sites such as: Facebook, Twitter, Instagram, LinkedIn and Pinterest
- Assist the Marketing & Communications Team in creating original content for the quarterly newsletter
- Assist the Marketing & Communications Team in creating original content for the electronic newsletter
- Be a brand ambassador for the United Way of North Central Florida brand
- Play an important support role in the planning of and preparation for events
- Be present at all events and play a leadership role in the day of logistics

Upon completion of internship, we will provide you a referral letter and serve as a reference, if needed.

"I loved the Communications & Marketing internship at United Way because every day I came to work, I did something new. While there are steady tasks: social media, newsletters and updating the website, one day I may be helping plan an event and the next, I may be assisting another staff member on a variety of tasks. United Way is such an impactful organization and I felt that while my tasks may have appeared small, I was always helping someone, which was the most rewarding part of the internship."
